- Highschool Diploma

## SKILLS

---

Javascript | React | Redux | NodeJs | Express | PostgreSQL | Massive | Bcrypt | AWS | CSS | SASS | Git | Github | Postman | SQL Tabs | Heroku | HTML5 | Tailwind | Next | Storybooks | TypeScript

## PROFESSIONAL EXPERIENCE

---

**Exploro** | Lehi, UT

*August 2022 - Present*

Frontend Web Developer - [Exploro.com](#)

React | Redux | NodeJS | Next | PostgreSQL | CSS | Tailwind | Storybooks | Docker

- Responsible for creating most core front end React components using Tailwind, and Storybooks.
- Worked with a backend team to retrieve data from the database and display it on exploror.com
- Obtained more in depth knowledge regarding readable and scalable code through training with a mentor of mine to produce the cleanest code possible.

Scrum Master - [Exploro.com](#)

Agile | Jira | Google Calendar

- Managed meetings, and led our dev team through sprints using Agile methodologies as a Scrum Master.
- Refined my knowledge on full stack programming, by taking an online course through Udemy to eventually grow into a web developer position while also working as a Scrum Master.
- Learned about the duties of a scrum master through training to lead our team through sprints.

**Devmountain** | Lehi, UT

*October 2020 - January 2021*

*Web Developer / Software Engineer (student)*

Monkidex - [Github Repo](#) | [Hosted Site](#) | [Demo Video](#)

React | Redux | NodeJS | Express | PostgreSQL | CSS |

- Developed a social media site using React and Node to provide an outlet for people who love monkeys
- Provided authentication and user credentials using Bcrypt to ensure a secure user experience
- Integrated React, JSX, and CSS for styling

DnD Find Me - [Github Repo](#) | [Hosted Site](#)

React | Redux | NodeJS | Express | PostgreSQL | SCSS | Google maps API | Twilio

- Created a website using React and Google maps API to connect D&D players to each other
- Worked in a team of four using Github Teams and Trello in a remote environment
- Integrated React JSX and SCSS for styling

**Hale Centre Theatre** | Sandy, UT

*November 2020 - September 2022*

*Stage Technician*

- Managed lighting using pre planned lighting procedures to provide a consistent audience experience
- Collaborated with a team by collecting constructive feedback, interpersonal communication, and root cause problem solving for an improved work environment and to improve company culture
- Interpreted desired lighting cues through regular practice and continued learning to achieve professional goals.
